The Reason why the progress has been so:

She is clever. She does well in class. But she does not practice enough. We did a lot of review in class.

What the teacher has done or/and what the teacher will do to improve the quality of teaching:

I will improve her note reading. I will give a feedback once a month and will keep record. I will motivate her to join school's activities so that she is not shy and will get inspiration to practice more with precise aims.

What the student and/or parents need(s) to do to improve learning:

1. Make practice schedule. Try 15-30 minutes per day; 5 days per week. Use metronome to keep tempo.
2. Do theory homework.

Comment:

She has good qualities to be a good piano student. She needs to move forward by practicing enough.
